아빠는 요리하 도움이 필요하지만 필요하지 않아요

My dad needs help with cooking but he doesn't?

아빠는 요리할 때 도움이 필요해요

1. He needs help but doesn't need help (?)

-  필요해요
-  필요하지 않아요

2. ~을/ㄹ 때 = When _____ [요리하 → 요리할 + 때]

- Korean doesn't use a direct equivalent of "with" for this meaning.
- Instead, describe the **time** or **situation** using ~을/ㄹ 때.

Assignment Review

오빠한테는 숙제 도움이 필요ㅎ

My brother needs help with his homework

오빠한테는 숙제할 때 도움이 필요**해요**

1. 필요ㅎ is incomplete

[필요하다 → 필요해요]

2. 숙제 도움이 ❌ → 숙제할 때 도움이 ✅

아무때도 커피를 안 마세요 하지만 차는 좋아해요
I don't drink coffee anytime. But I like tea

전 커피를 안 마셔요. 하지만 차는 좋아해요
I don't drink coffee. But I like tea

1. 아무때도" is awkward here.

Even in English, you don't say "I don't drink coffee at any time."

2. 마시다 vs 말다 Confusion

- 마시다 → 마시 + 어요 = 마셔요

- ✓ 전 커피를 안 마셔요.

- ✓ 커피 마시지 마세요. = Don't drink coffee.

- 마세요 is used for negative **commands**.

- To make a general statement, it should be 안 마셔요.

Verb	Meaning	Use Case
마시다	to drink	커피를 마셔요 = I drink coffee
말다	to NOT do	마시지 마세요 = Don't drink

Assignment Review

사라과 (같이) 티비를 봤어요

I watched TV with Sarah

사라**와** 같이 티비를 봤어요

- 1. 과 / 와 = and / with
- These can mean both "and" and "with" depending on context.
 - **과 after 받침**
 - **와 after no 받침**

⚠ Watch out!

Most of the time, when we have particles like:

은 vs 는 / 이 vs 가

We follow this pattern:

Ends in 받침 → use the one with ㅇ (ex. 은, 이)

Ends in vowel → use the one with no 받침 (ex. 는, 가)

But 과 / 와 is the opposite!

Assignment Review

이거 말고 그거 조세요

Not this, that one, please

이거 말고 그거 주세요

✗ "조세요" is not a word

- 주다 = to give
- 주시다 = honorific form of 주다
- **주세요** = polite request → "please give"
 - 주시 + 어요 = 주세요

필요하다 vs 필요(가) 있다 / 없다

필요(가) 없다

- **필요 (n.) means “need” or “necessity”**
- You could negate 필요하다 and say [필요하지 않다 or 안 필요하다.]

But it's much more natural to say 필요(가) 없다.

- 충전기 필요해? / **아니, 필요 없어**
– Do you need a charger? / No, there's no need → No, I don't need it

필요(가) 있다

- **Literally means “There's a need” or “To have a need”.**

Compared to 필요하다

- Feels more neutral and objective → More formal
- More focus on the thing you need.
- **Can be used with verbs: ㄹ/을 필요(가) 있다.**
- 다시 확인할 필요가 있습니다. – There is a need to check again
- 걱정할 필요(가) 없어. – There's no need to worry

Expression	Meaning	Characteristics
필요하다	To be necessary	Descriptive verb (Adj.) Can only be used with nouns
필요(가) 있다	There is a need To have a need	More focus on the thing that is needed. Can be used with verbs [ㄹ/을 필요(가) 있다]
필요(가) 없다	There is no need To not have a need	More natural and common than negating 필요하다 Can be used with verbs [ㄹ/을 필요(가) 없다]

필요(가) 있다 / 없다 examples

- 다(전부) 이해했어요. 더 설명할 필요 없어요

→ I understood it all. There's no need to explain more.

- 이걸 (=이거를) 살 필요가 있어요?

→ Is there a need to buy this?

- 가끔은 일을 즐길 필요가 있어요

→ Sometimes, there's a need to enjoy your work

- 날씨가 추워요. 여름 옷은 필요 없어요

→ The weather is cold. I don't need summer clothes

- 회의를 연기할 필요가 있습니다.

→ There's a need to postpone the meeting.

Can & Can't

V.S + ㄹ/을 수 있다 (없다)

수 is a noun that means "Ability", "Choice", "Means", "Way"

- Could be translated as [be able to] / [not be able to]

ㄹ/을 수 있다 : Literally, "There is a way to..."

- 저는 노래를 할 수 있어요 – I can sing [Ability]
- 제 친구는 한국 요리를 할 수 있어요 – My friend can cook Korean food

ㄹ/을 수 없다 : Literally: "There is no way to..." or "no ability to..."

- **Stronger nuance: impossibility, not just inconvenience.**
- Used when something is out of your control.
- 그 날 파티에 오래 있을 수 없었어요 – I couldn't stay at the party for a long time that day
- 제 친구는 올 수 없을 거예요 – My friend won't be able to come

이러다 / 저러다 / 그러다 + ㄹ 수 있다 (없다)

We already know the concept of 이 / 저 / 그 [this / that over there / that]

Now let's combine them with ~(으)ㄹ 수 있다 / 없다

- ✓ 이러다 = Action verb
- ✓ 이렇다 = Descriptive verb

Same with 저 / 그

✓ 이럴 수 있어 / 저럴 수 있어 / 그럴 수 있어

✓ 이럴 수가 (없어) / 저럴 수가 (없어) / 그럴 수가 (없어)

All three expressions roughly mean:

"That can happen" / "It's possible" / "That makes sense"

☞ Especially **그럴 수 있어 is VERY common** to show empathy or agreement, like:

"Yeah, I get it." "I can see why."

"That's understandable."

📌 Example

A: 너무 늦게 일어났어 – I woke up too late

B: 그럴 수 있어 (That happens / Understandable)

You'll hear: **이럴 수가... / 저럴 수가... / 그럴 수가...**

(without **없어** at the end)

These are used when something feels **unbelievable**, **unacceptable**, or just a strong **"No way!"**

They express **shock**, **disbelief**, or **frustration**—often in emotional or dramatic moments..

This is a **common and emotional** way to say **"No way..."** or **"I can't believe it..."**

Often used in serious moments to express disbelief.

V.S + ㄹ/을 수(marker) 있다 (없다)

Adding nuance with particles after 수.

- You can attach these markers after 수 to create more nuance and emphasis.

Form	Meaning
할 수가 있다 (없다)	Same as 할 수 있다 & 없다, but more emphatic
할 수는 있다	I can do it, but... [hesitant]
할 수는 없다	I can't do it. [At least, not this.]
할 수도 있다	I can also do this / That's also possible / I just might
할 수도 없다	I can't even do this [can't even think of a way]
할 수밖에 없다	I have no choice but to do it

2 more ways to say "Can't" using 못

1. 못 + Verb

못 is functions like 안 (for negation)

Works with:

- **Only Action Verbs**
- **Pure Korean verbs** (e.g. 가다, 오다, 하다)
- **3-syllable Sino-Korean 하다 verbs**
 - (e.g. 변하다 – to change, 취하다 – to take)

 나는 못 갈 거야 → I won't be able to go

- **It can also mean to do something poorly**

 애는 요리를 못해 → She can't cook
(She does it poorly)

2. V.S + 지 못하다

- **Slightly more formal** than 못 + Verb
- Works with **ANY verbs**
 - **Descriptive verbs** as well

 나는 가지 못할 거야 → *I won't be able to go*
(same meaning, more formal tone)

 완벽하지 못해요 → *It's not perfect*

→ **Implies I tried to make it perfect but couldn't.**

할 수 없다 vs 못하다 vs 하지 못하다

Form	V.S ≡/을 수 없다	못 + Verb	V.S + 지 못하다
Focus	Objective impossibility	Personal limitation or circumstance	Personal limitation or circumstance
		Not good at something	
Works with	Any Verb	Action verb Pure-Korean verbs 3 syllable Sino-Korean verbs	Any Verb
Grammar	Stem ending in 받침 [+ ≡ 수 없다] - 갈 수 없다 (Can't go) Stem ending in vowel [+ 을 수 없다] - 막을 수 없다 (Can't stop)	못 (adv) is placed directly before a verb just like 안	받침 in the stem is irrelevant - 가지 못하다 - 막지 못하다
Nuance	More factual, logical	Most casual & versatile	Slightly more formal than 못 + verb
Example	갈 수 없어요 → I can't go (There's no way for me to go)	요리 못 해요 → I can't cook 2 meanings → Due to current situation → I'm not good at it	가지 못해요 → I can't go (same as 못 가요, but a bit more formal)

못 + Verb

Most versatile and widely used form of "can't"

• Covers all meanings of "cannot"

V.S 지 (를/는/도) 못하다

❌ 못 + Verb → Can't add particles = Limited nuance

- With 못 + verb, the meaning is straightforward: 못해요 "I can't do it."

If you want to add nuance, contrast, or emphasis, use -지 못하다 instead of 못 + Verb form.

- Add a marker after 지

Example

- 차가 너무 막혀요. 가지를 못해요

→ Traffic is so bad, the car can't go.

[= just won't move]

- 이번 주말에 집에 가지는 못해요

→ I can't go home this weekend, but...

[I'll call or facetime you]

- 어떻게 하지도 못해요

→ I can't even do somehow. (I'm helpless.)

Expression	Meaning	Nuance
가지 못해요	can't go	Neutral, plain (more formal than 못 가요)
가지를 못해요	can't go (Emphatic)	Stronger, dramatic expression of physical/emotional stuckness
가지는 못해요	can't go, but...	Contrast [But I can do something else]
가지도 못해요	can't even go	"Even" with focus on the action

Showing contrast ~지만

지만 comes from 하지만.

하지만 is often translated as "but," but its meaning is **closer to "however."**
→ It **clearly** shows and **emphasizes contrast** with something mentioned earlier.

하지만 can only be used at the beginning of a sentence.

You can use **Verb stem + 지만** to connect two sentences with contrast

Structure: **Verb stem + 지만**

- 받침 doesn't matter

Example sentences

- 저는 피곤하**지만** 갈 수 있어요. → I'm tired, but I can go.
- 비가 오**지만** 우산이 없어요. → It's raining, but I don't have an umbrella.
- 그 사람은 친절하**지만** 말이 많아요. → That person is kind, but talks a lot.
- 오늘은 바쁘**지만** 내일은 한가해요. → I'm busy today, but I have a lot of time tomorrow.

Showing contrast ~데

~데 comes from 그런데, which means "but."

Compared to ~지만, ~데 **shows softer or less direct contrast.**
But it can also be translated as **"and"** with a similar nuance to **"yet."**

We shorten 그런데 to 근데 in spoken Korean

- Think of how in English we say:

▶ I've been working for 12 hours straight, **but/and/yet** I'm still at the office.

- ~데 can mean all three of them depending on the context.

Verb type		Step #1 (Irregular only)	Verb	받침	Add	Conjugated	Meaning
Action	Regular	-	가다	-	는데	가는데	Go but
			믿다			믿는데	Trust but
	Irregular ≡	Remove ≡	살다	ㄹ		사는데	Live but
Descriptive	Regular	-	작다	○	은데	작은데	Small but
			예쁘다	×	ㄴ데	예쁜데	Pretty but
	Irregular ㅁ	Replace ㅁ with 우	쉽다	ㅁ		쉬운데	Easy but

First, identify the verb type, then attach
-는데, -은데, or -ㄴ데 accordingly.

Exception: 있다 & 없다 (Descriptive)

▶ **있는데 & 없는데.**

~데(요) Ending (Context marker)

- Just like ~고(요), you can end a sentence with ~데(요) to imply contrast without directly stating it.

Similar nuance to "though" in English

~데(요) suggests :

1) Indirect, polite disagreement
